BRICK SLIP BROCHURE 2022

Bespoke service

As well as our Standard range of brick slips we are also in many cases able to colour match

Short lead times

Due to having our own UK production site we can turn orders around Quickly

Brick slips

Require little or no maintenance as a great product cover walls internally and externally

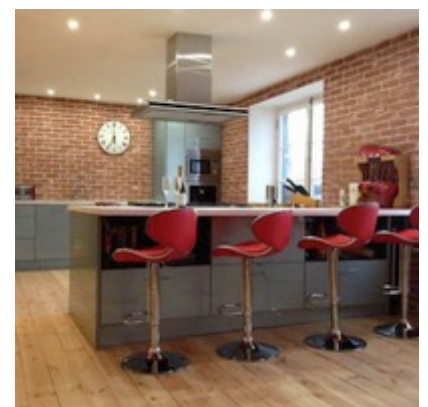

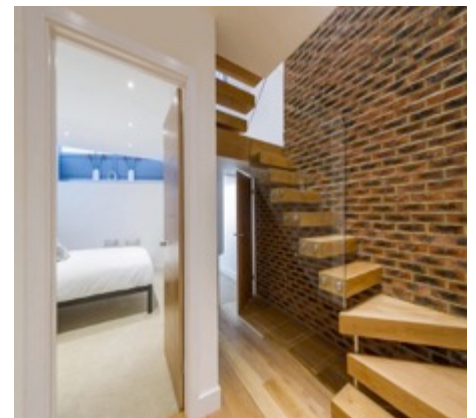

Why use our brick slips

Our Brick slips are light weight Eco friendly hand made stone Brick Cladding veneer that is suitable for use both internally and externally. Used by builders, architects, developers and the general public . Arc Home Developments products are treated as if they were natural stone by capturing the nuances , colours , textures and shape that occur in nature.

- Allows for greater detail in design
- Large areas can be covered quickly
- Large range of styles and colours

Our Brick Slips can transform a feature wall as a one off design in either a home or commercial development adding value as well as enhancing its appearance
